

Efebocorto International Film Festival

6th edition: Castelvetroano-Selinunte, 19-22 May 2010

Efebocorto is an international contest jointly organized by Liceo Scientifico Statale "Michele Cipolla", a secondary school in Castelvetroano-Selinunte, and the Kepha Foundation, a non-profit institution. The event will feature short films produced by students in secondary education and independent film-makers, and is open to participants from Europe and the Mediterranean basin.

Efebocorto is an exciting way to produce culture, learn about different cultural realities, share experiences, establish links and build cultural bridges across Europe and the Mediterranean.

Short films are an ideal tool to tell stories and present different experiences concisely and effectively.

Efebocorto is open to both high-school students and independent film-makers. Its aim is to promote cultural exchanges between young people from all over Europe and the Mediterranean basin. Submissions can be works of fiction, documentaries or animated shorts.

The festival takes place in one of Sicily's most interesting regions, within easy reach of many sites of historic and archaeological significance, or outstanding natural beauty, such as the Selinunte Archaeological Park — the largest in Europe — the Belice estuary nature reserve, the quarries of Cusa, the ancient cities of Segesta, Motia, Lilibeo and Erice; the Zingaro nature reserve; the beach at San Vito lo Capo; the Egadi islands and the volcanic island of Pantelleria.

Directors Folco Quilici and Daniele Cipri, actress and playwright Isabella Ragonese, actor Corrado Fortuna and sound editor Benni Atria will be present.

We look forward to welcoming you in May to Selinunte, one of Sicily's most charming locations!
